MESSAGE FROM 2024-25 PRESIDENT MICHELLE WALLACE, FACMPE

It has been an incredible honor to serve as your President during such a transformative year for our organization. The unification of the North and South Carolina associations marked a pivotal milestone—one that positions Carolinas MGMA for extraordinary growth and influence. With a combined population of 16.7 million, our region rivals the nation's largest states, underscoring a simple truth: together, we are stronger.

Guided by our theme, "Building a Legacy Together," one of the most meaningful moments of my term was witnessing the successful launch of the inaugural Carolinas MGMA Spring Conference in Wilmington. Healthcare leaders from across both states came together to connect, learn, and collaborate—bringing our shared vision to life. Engagement is the heartbeat of Carolinas MGMA; it transforms our association into a connected, member-driven community. By attending events, participating in education, serving on committees, sharing expertise, or mentoring others, members help shape our direction and strengthen our collective impact.

The Spring Conference delivered exactly what we set out to create: a dynamic environment for professional development, authentic peer engagement, and the celebration of excellence in medical practice management. My heartfelt thanks go to our sponsors, exhibitors, speakers, volunteers, and every attendee who contributed to the success of this inaugural event. Your energy, collaboration, and willingness to share continue to strengthen Carolinas MGMA. I am also deeply grateful to our Board of Directors and Leadership Council—whose guidance and commitment made this achievement possible.

As I pass the gavel to our incoming President, Jordan Archer, I do so with sincere appreciation for your trust and support, and with great optimism for what lies ahead. The relationships we've built, along with the momentum and energy we've created, position Carolinas MGMA for an even greater impact in the years to come.

Thank you for the opportunity to serve, and for all you do to advance medical practice management throughout our region.

With appreciation,
Michelle Wallace, FACMPE

ALLIANCE PROGRAM

The Alliance sponsorship program connects the product and service innovators with the leaders and decision makers of healthcare management in the Carolinas.

"Being involved with Carolinas MGMA has been one of the high points of our association work. Over the past five years, we've built genuine relationships with members, and we're proud to now support 14 practices from the group. Upgrading to the Executive level was an easy decision for us. We wanted to show our commitment in a way that matched the value we've received, and it's absolutely been worth the investment."

Rafe Martin, ComTech
